The Pennsylvania Pain Society Exhibitors 2017

(Alphabetical Roster)

AIS Pain Care is the industry leader in injectable medications for patients with implanted intrathecal pain pumps. Founded in 1998, AIS has a new state of the art pharmacy and clean room in Jackson, MS. AIS is USP 797 compliant and licensed to provide medications to all 50 states and Puerto Rico. Our patient first, always approach combined with knowledgeable and experienced pharmacists with over 225 years of experience can meet all your intrathecal needs, 24 hours a day, 7 days a week. www.aispaincare.com

Alere Toxicology is committed to helping you develop a compliant medication monitoring program that improves patient outcomes, enhances patient safety, and protects your practice. Abiding by the highest standards of laboratory compliance, our goal is to provide clinicians with tools to help individualize therapy and optimize patient outcomes through customized testing options. www.alere.com

AstraZeneca is a global, innovation-driven biopharmaceutical business that focuses on the discovery, development and commercialisation of prescription medicines, primarily for the treatment of cardiovascular, metabolic, respiratory, inflammation, autoimmune, oncology, infection and neuroscience diseases. AstraZeneca operates in over 100 countries and its innovative medicines are used by millions of patients worldwide. For more information please visit: www.astrazeneca.com

Boston Scientific's Illumina 3D™ Portfolio personalizes therapy by delivering multiple waveforms to a precise neural target. This portfolio of devices includes Precision Spectra™ - the world's first and only 32 contact SCS device, Precision Montage™ MRI – giving patients access to full-body MRI scans, and Precision Novi™ - the smallest, thinnest high-capacity non-rechargeable device. www.bsci.com

Depomed, Inc. is a leading specialty pharmaceutical company focused on developing and commercializing products for pain and neurology-related disorders. Founded in 1995, Depomed has built a strong market presence with a highly differentiated portfolio of six marketed products in the areas of mild to severe acute pain, moderate to severe chronic pain, neuropathic pain, migraine and breakthrough cancer pain. www.depomed.com

Disc Disease Solutions is an innovative medical device company, introducing a full line of the "Original" Decompression bracing for the cervical spine, lumbar spine and arthritic knees. Many physicians, athletes and patients have used DDS Technology with great success by preventing injuries, treating pain and speeding up the recovery process. Visit us at www.ddsbelt.com

DRUGSCAN[®] is Fast, Professional, Accurate, & Responsive. One of only a few nationally certified SAMHSA toxicology laboratories; DRUGSCAN[®] is a leader in clinical and forensic toxicology, medication monitoring, and drug detection laboratory services. At DRUGSCAN[®], our mission is to keep everyone in the patient care continuum safe and compliant with all regulations; providing clients with advanced technology, accurate results, and superior customer service. Visit: www.drugscan.com

Frier Levitt is a national boutique healthcare law firm. Our 30+ attorneys include numerous clinicians with years of hands-on experience. We represent stakeholders across the entire healthcare spectrum, including large physician group practices, ambulatory surgery centers, laboratory companies, as well as the complete panoply of ancillary service providers. Visit www.FrierLevitt.com

Halyard Health COOLIEF* Cooled Radiofrequency (RF) System is a revolution in radiofrequency technology as the cooled radiofrequency platform allows for creation of large-volume, spherical lesions - giving physicians the power of targeted treatment for symptomatic patients, even in difficult to treat anatomy. www.halyardhealth.com

Health Network Laboratories (HNL) is a leader in clinical and anatomical pathology with more than 50 Patient Service Centers (PSCs) conveniently located throughout central and eastern Pennsylvania and New Jersey. HNL provides high-quality, advanced laboratory diagnostic testing to its regional communities, including the latest innovations in cytogenetics and molecular diagnostic testing.

For chronic pain patients, H-Wave[®] home devices offer powerful, long-lasting, non-invasive pain control for even the most difficult symptoms and decrease the need for medication. H-Wave[®] also provides cumulative, rehabilitative benefits by addressing chronic inflammatory problems through increased blood flow and lymphatic action, causing angiogenesis and improved vascularization to tissue beds. www.h-wave.com

Insight Medical Partners is a medical consulting group dedicated to identifying ancillary products and services that meet the specific needs of a medical practice. By providing tailored solutions, physician practices can deliver optimal care for their patients while maintaining a stable financial performance through these unpredictable times. www.insightmedicalpartners.com

Jazz Pharmaceuticals plc is a dynamic specialty biopharmaceutical company that identifies, develops and commercializes innovative products to address unmet medical needs in focused therapeutic areas, always keeping in mind our mission to improve patients' lives. Living our core values of integrity, passion, collaboration, innovation and the pursuit of excellence is the key to our success. www.jazzpharma.com

At Medtronic, we're committed to Innovating for Life by pushing the boundaries of medical technology and changing the way the world treats chronic disease. Medtronic Neuromodulation provides innovative implantable neurostimulation and drug delivery devices to therapeutically treat intractable pain, as well as other chronic diseases and neurological disorders. We offer the largest range of Neuromodulation products with exceptional technical services and patient support. Visit: www.professional.medtronic.com

Nevro's Senza® system, the only SCS system that delivers Nevro's proprietary HF10 therapy, an advanced SCS therapy that provides electrical pulses to the spinal cord at a rate up to 10,000 per second (10 kHz). www.nevro.com

Pentec Health, Inc. is a Joint Commission accredited specialty pharmacy and infusion provider that specializes in providing comprehensive care for patients with implanted pumps treating severe pain and/or spasticity. Our proprietary electronic communications platform ensures all disciplines remain informed and focused on improving patient outcomes." www.pentechealth.com

Pernix Therapeutics is a specialty pharmaceutical business with a focus on acquiring, developing and commercializing prescription drugs primarily for the U.S. market. The Company targets underserved therapeutic areas such as CNS, including neurology and pain management. www.pernixtx.com

At Pfizer, we apply science and our global resources to improve health and well-being at every stage of life. Every day, Pfizer colleagues work across developed and emerging markets to advance wellness, prevention, treatments and cures that challenge the most feared diseases of our time. www.pfizer.com

Purdue Pharma L.P. is known for its pioneering work on persistent pain and for providing healthcare professionals, patients and caregivers with safe and effective therapies. Purdue provides educational resources that support the therapies' proper use. Additionally, Purdue is entering therapeutic areas, such as sleep and gastrointestinal disorders. www.pharma.com

Solevo Wellness [soh-lee-voh] is a medical marijuana dispensary based in Pittsburgh, PA, dedicated to providing medical marijuana relief solutions for Pennsylvanians certified with serious medical conditions such as intractable pain including arthritis, and other serious medical conditions. Founded by leading physicians, pharmacists, and medical professionals. www.solevowellness.com

Standard Farms

Standard Farms is a Pennsylvanian-owned company engaged in the cultivation and processing of medical marijuana - it was the second firm to commence operations in the Commonwealth. Standard Farms has built a facility that employs greenhouse and indoor grow technology in Northeastern Pennsylvania. The Standard Farms team is comprised of professionals with extensive experience in the legal cannabis, pharmaceutical, agricultural, and finance industries and the Company holds itself to the highest standards of quality, consistency, and compliance. www.standard-farms.com

Founded in 2008, [Weedmaps](http://www.weedmaps.com) is the oldest and largest cannabis technology company in the world and has been the leading innovator in developing software and platforms that drive the cannabis industry. Our core platform connects people with local dispensaries, delivery services, doctors, deals, brands, lab data and real-time menus. Weedmaps' full suite of business-to-business and business-to-consumer software includes lab data integration, point-of-sale and medical practice management. www.weedmaps.com
